HSBC Summer Work Experience

We are offering young people in Hong Kong the opportunity to get a head start on a career in the banking industry with HSBC Work Experience. Between June and September, the programme provides four-to-eight weeks of early exposure to the workings of our business in Hong Kong that could play a vital role in preparing for a successful future career.

Opportunities for 2012 Summer Work Experience are offered in the following divisions:

- Commercial Banking
- Finance
- Securities Services
- Technology and Services

As part of HSBC Work Experience, you will:

- Provide general business support to an assigned business function
- Gain a good understanding of a particular aspect of our Hong Kong business, as well as valuable work exposure in the banking sector
- Apply the knowledge and skills gained from school to real business situations
- Develop practical business skills through on-the-job training and day-to-day interaction with experienced team members

Eligibility Requirements:

- Pre-university student having completed Form 5 or equivalent, or non-final year university student in any discipline
- Proficient PC skills in MS Word, Excel and PowerPoint
- Ability to communicate effectively in English and Cantonese
- Hong Kong residency and legal right to work in Hong Kong

To apply for a Summer Work Experience position, please remember to upload your CV, university transcript, and HKCEE and HKALE results or equivalent for our consideration. Places are highly sought after and very limited, so please submit your application as soon as possible. The final deadline for applications is **Wednesday 18 April 2012**.

Please also specify in your CV which of the above listed business teams you would be most interested in joining, and we will try to take your preference into account when considering your potential assignments (please feel free to list multiple teams).

We will be offering new up and coming student opportunities throughout the year - please stay tuned to our careers website for regular updates. Interested students are encouraged to build their candidate profile on our Careerlink portal and subscribe to job alerts for latest graduate and student opportunities. Once registered, system generated emails will then be sent to you when opportunities suited to your profile arise.
