Job Description
Analyst, Valuation Services (Job Number: 18001763)

Description

Our professionals balance analytical skills, deep market insight and independence to deliver solid, defensible analysis and practical advice to our clients. As an organization, we think globally. We create transparency in an opaque world, and we encourage our people to do the same. That means when you take your place on our team, you’ll discover a supportive and collaborative work environment that empowers you to excel. If you’re ready to share your perspective with the world, then you can make a real impact here. This is the Duff & Phelps difference.

Duff & Phelps’ Valuation Services practice prepares objective valuations for financial reporting, tax and management planning purposes.

At Duff & Phelps, your work will help protect, restore and maximize value for our clients. Join us and together we’ll maximize the value of your career.

RESPONSIBILITIES:

- Researching target industries, market and competitor information
- Interviewing clients, including face-to-face meetings, to gather data and information pertinent to the engagement
- Working with management to build and maintain client relationships
- Identifying and communicating potential engagements to management
- Reporting and presenting analyses and conclusions including written reports
- Perform business and intangible assets valuation engagements for fair value measurements and transactions
- Developing financial models for transaction and valuation engagements

REQUIREMENTS:

- Bachelor’s or Master’s degree in Finance or Accounting
- Some experiences in valuation is advantageous but not mandatory. Fresh graduates are welcome
- Experience in external audit, financial modeling, business valuation, investment analysis, corporate finance, security pricing with consulting firms/investment banks/private equity firms or international accounting firms is advantageous
- Excellent knowledge in financial modelling with MS Excel for discounted cash-flow analysis, pricing of derivative and other financial instruments is advantageous
- Strong analytical and problem-solving skills, as well as strong verbal and written communication skills
- Proficiency in spoken and written English and Chinese
- A team player, hard-working and with excellent communication and interpersonal skill

In order to be considered for a position at Duff & Phelps, you must formally apply via careers.duffandphelps.jobs

Duff & Phelps is committed to equal opportunity and diversity, and recruits people based on merit.
Job Description
Analyst, Compliance Risk and Diligence (Job Number: 18000787)

Description
Kroll is the leading global provider of risk solutions. For more than 45 years, Kroll has helped clients make confident risk management decisions about people, assets, operations and security through a wide range of investigations, cyber security, due diligence and compliance, physical and operational security and data and information management services. Kroll is a division of Duff & Phelps, the global advisor that protects, restores and maximizes value for clients in the areas of valuation, corporate finance, investigations, disputes, cyber security, compliance and regulatory matters, and other governance-related issues. We work with clients across diverse sectors, mitigating risk to assets, operations and people. With Kroll, a division of Duff & Phelps since 2018, our firm has nearly 3,500 professionals in 28 countries around the world.

As an Analyst, you will support the overall research and due diligence within our Compliance Practice, by gathering information to help Kroll’s clients onboard and manage the risks associated with new clients and third parties, ensure we offer the right level of screening and due diligence solutions based on the risks inherent in the opportunity.

RESPONSIBILITIES:

- Data exploration - conduct in depth intelligence research by gathering various data and information verifying the credibility and quality of the information/data/sources
- Perform various searches e.g. adverse media and internet research, global compliance, watch list and sanctions
- Review and analyze extensively on information gathered
- Produce accurate, high quality written reports
- Take ownership of project and deliverables
- Assist in document management that supports analyses performed
- Coordinating research and working closely with team members in other Kroll offices
- Demonstrate excellent judgment, be commercially-focused and be driven by professional excellence and a commitment to the Kroll brand

REQUIREMENTS:

- Undergraduate or graduate degree at an accredited university majoring in Economics, Finance, Journalism, International Relations/Affairs, Regional Studies, Political Science, or other related areas of study
- Extremely strong reading and writing skills in English and Chinese, ability to quickly and effectively summaries information from multiple sources into a concise analytical assessment
- Ability to prioritize several projects and assignments on multiple topics while meeting tight deadlines
- 1-3 years’ previous work experience is highly desirable. Candidates with more experience will be considered for an Associate position
- Proficiency in both English and Chinese (simplified & traditional)
- Proficiency in Thai/Vietnamese/Japanese/Korean/Bahasa is an advantage
- Availability to work a full-time schedule with the understanding that additional hours and weekend work may be a requirement

In order to be considered for a position at Duff & Phelps, you must formally apply via careers.duffandphelps.jobs
