

Towngas Summer Internship – Corporate ESG

This year, we continue to welcome interested students to join our eight-week summer internship programme, which runs from June to August 2022. Along with comprehensive on-the-job training and diverse learning experiences, our interns will also gain invaluable insights on Hong Kong's gas industry through group project assignments on topics related to Towngas' business.

The hiring role will be under our Corporate Environmental, Social and Governance Department with following requirements.

The Role:

- Assist in data analysis, reports preparation and Microsoft Powerpoint creation
- Provide support to general document handlings and sustainability projects
- Support website development and enhancement
- Conduct market research on ESG related information
- Involve in SQS preparation work & reports

The Person:

- Undergraduate with major in Environmental / Energy or relevant discipline
- Innovative, positive and willing to learn
- Proficient in MS Office (Excel, Word and Power Point)
- Creative and well-organized
- Good interpersonal and communication skills
- Other IT technique that have not mentioned about would be advantageous

Summer interns will form teams to work on and present their innovative projects to supervisors and management of Towngas.

Interested students can apply by sending your CV to andy.tsang@towngas.com.
