Why Patients Need You?

Pfizer endeavors to continuous drug development to patients in need. To make these breakthroughs visible to our community, you as a young talent will be a key ambassador to demonstrate our value of “Patients In Focus/Patients Centricity”. Through the Commercial Graduate Trainee Program, you will be empowered and play a vital role in making our key stakeholders understand how we could impact patients’ lives in a meaningful way.

What You Will Achieve?

You will support the development of Pfizer’s strategy to drive breakthroughs that change patients’ lives. While understanding the work environment in a bio-pharmaceutical company and Hong Kong healthcare system, you will gain valuable insights and connections through direct interaction with healthcare professionals, participating in field engagement and/or leading go-to-market projects with internal and external parties, as well as internal projects during the program. Through the extensive exposure in training sites, you will be fostered under a culture that promotes values of excellence, courage, joy and equity within Pfizer and to the public. You will also develop your professional knowledge and other capabilities such as interpersonal skills and time management through managing projects from diverse channels.
